Conference Agenda — Washington DC

DAY 1 Monday, 15 March 2010

Presentation Topic:

8:30-8:35	<i>Administrative Announcements</i>	
8:35-9:05	MR. STEPHEN LONG , DoD Motion Imagery Executive, Technical Advisor, ISR and FMV Task Force, Office of the Under Secretary of Defense for Intelligence (OUSD-I)	<i>"ISR and FMV"</i>
9:05-9:35	MR. JOHN MARSHALL , Chief Technology Office, Joint Transformation Command-Intelligence, US Joint Forces Command (US JFCOM)	<i>"Valiant Angel and US JFCOM Initiatives"</i>
9:35-10:05	MR. BRUCE BENNETT , Program Executive Officer-SATCOM, Teleport and Services, Defense Information Systems Agency (DISA)	<i>"DISA Initiatives"</i>
10:05-10:20	<i>Coffee Break</i>	
10:20-10:30	<i>Break Sponsor; Steven's Aviation</i>	
10:30-11:00	MR. RAY PETTY , Chief Operating Officer, Mercury Federal Systems	<i>"FMV Challenges and Opportunities"</i>
11:00-11:30	MR. THOMAS KREITMAIR , Principal Scientist, NATO Consultation, Command and Control Agency (NC3A), Capability Area Team 5 for Joint Intelligence, Surveillance and Reconnaissance (JISR)	<i>"NATO's Efforts to Field a FMV Dissemination, Storage, Archive and Retrieval Capability"</i>
11:30-12:00	MR. MICHAEL O'NEAL , Technical Advisor, ISR Plans and Requirements, Air Combat Command (ACC)	<i>"Evolving FMV Capabilities"</i>
12:00-12:30	COLONEL DAN JOHNSON , Commander, 480th ISR Wing, USAF (Tentative)	<i>"Air Force Initiatives"</i>
12:30-1:45	<i>Lunch Sponsored by Isilon Systems, Inc.</i>	
1:45-2:15	MR. WILLIAM ROBINSON , Program Manager, Electro-Optical and Special Mission Sensors, Naval Air Systems Command (NAVAIR)	<i>"NAVAIR's Sensor/Platform Interface and Engineering Standards (SPIES) Initiative"</i>
2:15-2:45	MR. GUY DuBOIS , Vice President, Operational Technologies and Solutions, Raytheon	<i>"How to Enable Full Motion Video"</i>
2:45-3:15	MR. JOHN DELAY , Strategy Director, Government Solutions, Harris Corporation	<i>"Video Tagging Needs and Capabilities"</i>
3:15-3:20	<i>Primary Exhibitor; Mercury Computer Systems</i>	
3:20-3:35	<i>Refreshments</i>	
3:35-4:05	MR. SONNY MARSHALL , President and Chief Executive Officer, Marshall Communications	<i>"Potential UAV FMV Dissemination Technology Improvements for US Central Command"</i>
4:05-4:35	MR. LARRY VERNEC , Senior Vice President, Strategic Development, L-3 Communications	<i>"Video Scout- Tactical Video Exploitation"</i>
4:35-5:05	COLONEL STEVEN T. KOENIG , AV Technology Division (ISR), Army G2 (DAMI-OPT)	<i>"Future Operational Environment-Impact on FMV"</i>

Exhibitors

Conference Agenda — Washington DC

DAY 2 **Tuesday, 16 March 2010**

Presentation Topic:

8:30-8:35

Administrative Announcements

8:35-9:05

MR. PETER STAUFFER, Chief, SATCOM Division,
U.S. Army Space and Missile Defense Command/
Army Forces Strategic Command
(USASMDC/ARSTRAT)

“Wideband Global SATCOM (WGS) and FMV”

9:05-9:35

MR. GEORGE GIBBS, Technologist, Infantry
Weapons Systems Strategic Business Team, Marine
Corps Systems Command

“Ultra-Vision”

9:35-10:05

MR. TOM CLANCY, Vice President, Tactical
Systems, Aurora Flight Sciences

*“The Diamond DA42M New Generation Affordable
Surrogate Training Platform for FMV Operators”*

10:05-10:20

Coffee Break

10:20-10:50

MR. JAMES P. DOLAN, Senior Vice President,
Strategic Initiatives, Textron Systems

*“FMV Analysis– Turning Data into Actionable
Intelligence”*

10:50-11:20

DR. SADIYE GULER, Chief Executive Officer,
IntuVision

“FMV Analysis and Exploitation”

11:20-11:50

MR. JON ARMSTRONG, Director, Full Motion
Video Programs, Lockheed Martin

*Respect the Video: “Transforming the Way We
Collect and Manage Video Intelligence”*

11:50-12:05

Lunch Sponsor by Lockheed Martin

12:05-1:15

Lunch Break

1:15-1:45

DR. SEAN MCCARTHY, Fellow of the Technical
Staff, Motorola

“Emerging Video Compression Technologies”

1:45-2:15

MR. RUSSELL ADAMCHAK, Director, Imaging
and Sensing Systems, General Dynamics AIS

“Motion Imagery-FMV and ISR Convergence”

2:15-2:45

DR. HUI CHENG, Technical Director, Vision
Technology, Sarnoff

*“Enabling FMV in Size, Weight and Power
Constrained Systems”*

2:45-3:00

Refreshments

3:00-3:30

MR. ANDY VAUGHN, Senior Director, US Federal
Markets, HaiVision Systems

*“End-to-End FMV Workflow– Hundreds of
Sensors to Millions of Eyeballs”*

3:30-4:00

MR. FRED POOLE, Director, Advanced ISR
Programs, Broadcast Communications Division,
Harris Corporation

*“Football on the Battlefield– What’s Wrong with
this Picture”*

4:00-4:30

DR. YIANNIS ANTONIADES, Director, ISR
Technology, BAE Systems

“FMV for Wide Area Persistent Surveillance”
